REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Regarding claim 8 the prior arts fail to teach or fairly suggest an apparatus facilitating at least a first packet data flow upon the communication path, the apparatus comprising:

a packet data communicated in the first packet data flow by way of a first air link is communicated upon the first air link pursuant to an ARQ scheme in which a first mobile station returns an ACK (acknowledgment) when a data packet is successfully received at the first mobile station and a NACK (negative acknowledgment) when the data packet is unsuccessfully received at the first mobile station and wherein an indication, of a communication of the packet data in the first packet data flow, to which a packet data flow selector is coupled to receive, comprises a value inversely related to numbers of ACKs returned by the first mobile station, in combination with other limitation as specified in the independent claim 8.
